Haveri 26th August 1913

2 The plan is verified by
the Circle Inspector Karajagi. The
measurement papers in connection
with the same are herewith submitted.

3 The draft notification is
herewith submitted. The owner of
the land demands Compensation
at the rate of Rs 200 per acre which
comes to Rs 35 and besides he also
claims rupees ten as price of
suesamum crop now standing on
the land. The Panchas estimate
the price of the land at Rs 100 per
acre. Taking this to be the guide

the price of the lands to be acquired will be Rs 17-8- and the sum to be awarded at 15 percent on the market value for compulsory acquisition will be Rs 2-10-. The cost of acquisition will thus be Rs 20-2-. If the Sesamum crop be not removed by the time of acquisition an additional award of Rs 5 may be made. The statement of the owners before the Circle Inspector and the pauchanama drawn up by the Village Officers as to the price of the land accompany.

Extracts from the record of rights of S. no. 93 is herewith submitted. The village officers report that there are no sale transactions in the neighbouring fields recently. The report from village officers accompanies.

(12)15-

The s. no. in question is a
government land and hence extract
from Village Form no. 9 is not submitted
